Gweneth Gowanlock, Director
Mental Health Branch
Department of Health & Welfare
Room 658, Jeanne Mance Building
Tunney's Pasture
Ottawa K1A 1B4

Dear Ms Gowanlock;

Would it please be possible for you to let me know whether you have a program in place to alert the medical profession and provincial health care officials of the symptoms of "environmental sensitivity", and the relevant diagnostic techniques and treatment options? In addition, I would be interested in knowing whether you are informing the medical community of the importance of trying to identify existing psychiatric patients who may suffer from environmental sensitivities rather than mental disorders.

I would also like to know if the proceedings of the workshop held by your Department in May, 1990, on environmental sensitivity are available, and how to obtain a copy.

I thank you. With best wishes,

Sincerely,
